

**Project AnimalAid** is a U.S. based 501(c)(3) non-profit organization dedicated to improving the health and welfare of animals around the world by collecting medical equipment and supplies that are then distributed to veterinarians working worldwide in animal welfare non-profits and NGOs. In this way, we not only help the animals of our planet, but we also conserve valuable resources that might otherwise end up in a landfill. Currently, Project AnimalAid serves over 100 partner organizations in 40+ countries around the world.

## You Can Help!

**Project AnimalAid** accepts general supply and equipment donations as outlined below. We also accept "timeless" veterinary textbooks that have been published in the last 5 years and that are in good-to-excellent condition. Donations, and the cost to ship them, are tax-deductible and can be sent to the address below.
